

West Virginia Food Box Drive

Delivery to Jolo, West Virginia: November 15-17, 2018

**It is time once more for one of our most popular mission outreaches!
Would you and your church family consider helping supply food boxes to
needy families in West Virginia?**

To help make the sorting of the boxes easier and to give the families we are serving somewhat equal portions, we are asking that each church/individual concentrate on one or two particular food items and keep the alike food items boxed together.

Example: If your church decides to collect corn and peas then all the cans of corn would be boxed/bagged together, and all the cans/bags of peas would be boxed/bagged together.

If your church wants to do a wide variety of items we still ask that all like items be boxed/bagged together. Below is a list of items needed to complete one box to be given away.
